We have the vision. We have the space.

ALL WE NEED ARE THE RESOURCES.

Like us, you know that far too many abused and neglected cats and dogs have nowhere to turn. As a care farm focused on helping people, animals and the earth, we're committed to doing something about it. For instance, we're building awareness about important issues like spay/neuter, puppy mills, and pet overpopulation. And (drum roll please) we're building the Cat and Dog Village of Sanctuary One.

The village, for now, will consist of a Cat Cottage and Dog Cottage. The cottages are

being constructed from the ground up—from scratch, you might say—including infrastructure like water and a septic system. Our goal is to make the animals as comfortable as possible, while using building materials and methods that are cost efficient and earth friendly.

The Cat Cottage will comfortably home up to 75 felines, while the Dog Cottage will allow up to 28 dogs to live in peace. Each cottage will have a medical room, hot and cold water, and a laundry room. Plus, each facility will have the flexibility to adapt to the animals' needs, such as interior walls that can be removed to create more space.

We're all about co One, and the Cat no exception. Each room for the animal each other's comfort approach is ideal help the animals will also have private animals that prefer cottage will even in, outside area so the fresh air and

in need indeed

The cats and dogs who call Sanctuary One home will be the neediest of the needy. We specialize in rescuing animals transferred to us by animal shelters, humane societies, rescue groups, and law enforcement agencies that have exhausted all other options to preserve an animal's life. Our plan is to adopt to good homes as many animals as possible, so we can continue to free up room to save more lives. Those who aren't adopted will stay with us and live out their lives in sanctuary at Double Oak Farm.

one big family

The Cat and Dog Village will be home to:
Up to 75 cats and up to 28 dogs

There are currently 58 animals living at the Sanctuary, including horses, goats, llamas, sheep, pigs, cows, ducks, geese, and a rooster who thinks he runs the place!

Come enjoy the animals, the land and the people that comprise Sanctuary One.
