

Thank you for your continued support.

Volunteer

We LOVE our volunteers! Sanctuary One volunteers participate in animal care, gardening and farm work, and by assisting at special events, tours and on-site classes and programs. Visit our website and click "Visit & Volunteer" to get involved.

Stay with Us

Our new Farm Stay is a great way to get an in-depth experience at a care farm, and a unique way to volunteer a few hours, get to know animals available for adoption, and to experience the sights and sounds of the beautiful Applegate Valley. Book your Farm Stay online today.

Donate Now

1. Monthly giving supports animal care, people care and earth care programs.
Goal: \$1,000/day, ongoing
 2. Farm Truck Campaign
Goal: \$20,000 by June 1
Donate online at bit.ly/SanctuaryTruck
 3. Education Garden Expansion & Accessibility Project
Goal: \$25,900 by August 1

Gabe, a friendly and energetic 5-year-old miniature poodle, has traveled far and wide in search of a forever home. He was originally transferred from a Las Vegas rescue to Southern Oregon Humane Society. While there, he was distressed and unhappy with life in a cage, and injured a toenail while trying to escape. Gabe has been at Sanctuary One since 2012, making him our longest-term canine resident. Like all of our rescued animals, he is welcome to live out the rest of his life at our farm. This is the commitment we make as a cage-free, no-kill animal sanctuary. However, Gabe would love to be adopted to a new home, where he can go for walks, play "fetch," and snuggle with his people. Please open your heart and home—Gabe is waiting for you!

You are part of the important effort to save the lives of animals like Gabe.

Josie the Pony was a cruelty case—blind and starving when she was rescued in partnership with Strawberry Mountain Mustang Rescue and Sanctuary One. Your support allowed us to transform tragedy into inspiration! Thanks to you, we had the necessary funds to give Josie a second chance. Josie received medical attention to care for her eye which needed to be removed and closed. She was given a proper diet, shelter, and care that allowed her to heal. A family from Northern California came to Sanctuary One for a Farm Stay, met and fell in love with Josie the one-eyed pony. Josie now lives on a farm, adopted by a loving family!

Your donation transformed tragedy into inspiration—we saved Josie the one-eyed pony.

"Sanctuary One has filled such a void for us and the boys here at the program. This population needs contact with animals, earth and serenity. Our time at the Sanctuary is very special, full of magical moments and such unity among the group. The level of kindness goes way up while there, as well as returning to the program. I notice some of the higher energy kids calming down and having much more relaxed interactions with others. Overall, I feel the experiences at Sanctuary One are priceless in the recovery of our clients at Lithia."

-Pokey, Lithia Springs Boys Residential Program

Together, we provide opportunities for at-risk youth to recover from trauma.

Be an advocate for animals, people and the earth: better together!

Your contributions made a difference in 2014:

90 Animals Rescued (60% increase from 2013)
69 Animals Adopted (40% increase from 2013)
Over 2,000 Visitors
Over 2,500 Volunteer Hours
