

Spring Into Auction

We need your help to secure items for our charitable auction!

Sanctuary One, a 501(c)(3) nonprofit animal rescue and outdoor education resource, is kicking off its annual online auction March 20, 2024. We are seeking donations from local businesses to help with our charitable auction. Launching the first day of Spring, this online event will provide the opportunity for participants across the United States to bid on gifts for themselves or loved ones while supporting the care farm.

As a donor, your business name will be prominently displayed in the event materials and on the description of the basket in which we include your donation. Your gift is tax deductible, and you will become a part of this mission healing people animals and the earth! For details, and to make your contribution, please reach out to megan@sanctuaryone.org.

Find us online at www.sanctuaryone.org

Your Donation will...

Help provide feed and care to rescued animals who have nowhere else to go. Sanctuary One provides a loving home for rescued animals until their perfect adopter is found. If they never find a suitable adopter, the care farm will be their forever home, offering a life where animals will know the kindness of many people as they heal and thrive, together.

Create healing opportunities for our service-learning partners to learn, work, play, and heal alongside animals who have also overcome adversity.

Provide an outdoor education resource for local youth. Our Healing & Learning garden fosters environmental stewardship while growing produce for the local food bank.
