Sanctuary One: A Care Farm for People, Animals, and the Community

Sanctuary One is more than a rescue—it's a **care farm**, a place where **people, animals, and the land come together to heal and grow**. Care farming is a **proven, therapeutic model** that uses nature, meaningful work, and human-animal connection to improve well-being, build community, and promote environmental stewardship. Here, service meets healing, and every interaction—whether planting a garden, caring for rescued animals, or simply being in nature—**creates real, lasting impact**.

Our mission extends far beyond our fences. Through partnerships with **schools, nonprofits, veterans' groups, healthcare providers, and social service organizations**, we serve as a community resource where **teens in need of guidance, individuals facing mental and physical health challenges, students eager to learn, and volunteers looking to make a difference** can all find connection and purpose. Together with our partners, we provide hands-on service-learning programs, workforce development opportunities, and therapeutic experiences that foster resilience, confidence, and hope.

We believe a farm can do more than grow food—it can **nurture transformation, strengthen communities, and inspire a deeper sense of responsibility for our world**. By creating a space where both people and animals are cared for, we cultivate compassion and connection—one meaningful experience at a time.

Join Us for Volunteer Week!

From **April 21–27, 2025**, we invite you to **join us as a sponsor for the 9th Annual Volunteer Week**, an event that unites businesses, organizations, and volunteers in a shared mission of community impact. This year, we're working to complete **essential projects that sustain and enhance our 55-acre care farm**, ensuring it remains a place of restoration, education, and meaningful engagement for all.

Why Sponsor Volunteer Week?

Sponsoring Volunteer Week isn't just about giving back—it's about **investing in a model of care that benefits people, animals, and the environment alike**. Care farming is a **proven, evidence-based approach to wellness**, offering hands-on experiences that promote healing, personal growth, and social connection. At Sanctuary One, we welcome everyone—from **at-risk youth to individuals with disabilities, veterans, and those seeking therapeutic engagement**—to experience the healing power of nature and service.

The Impact of Your Support

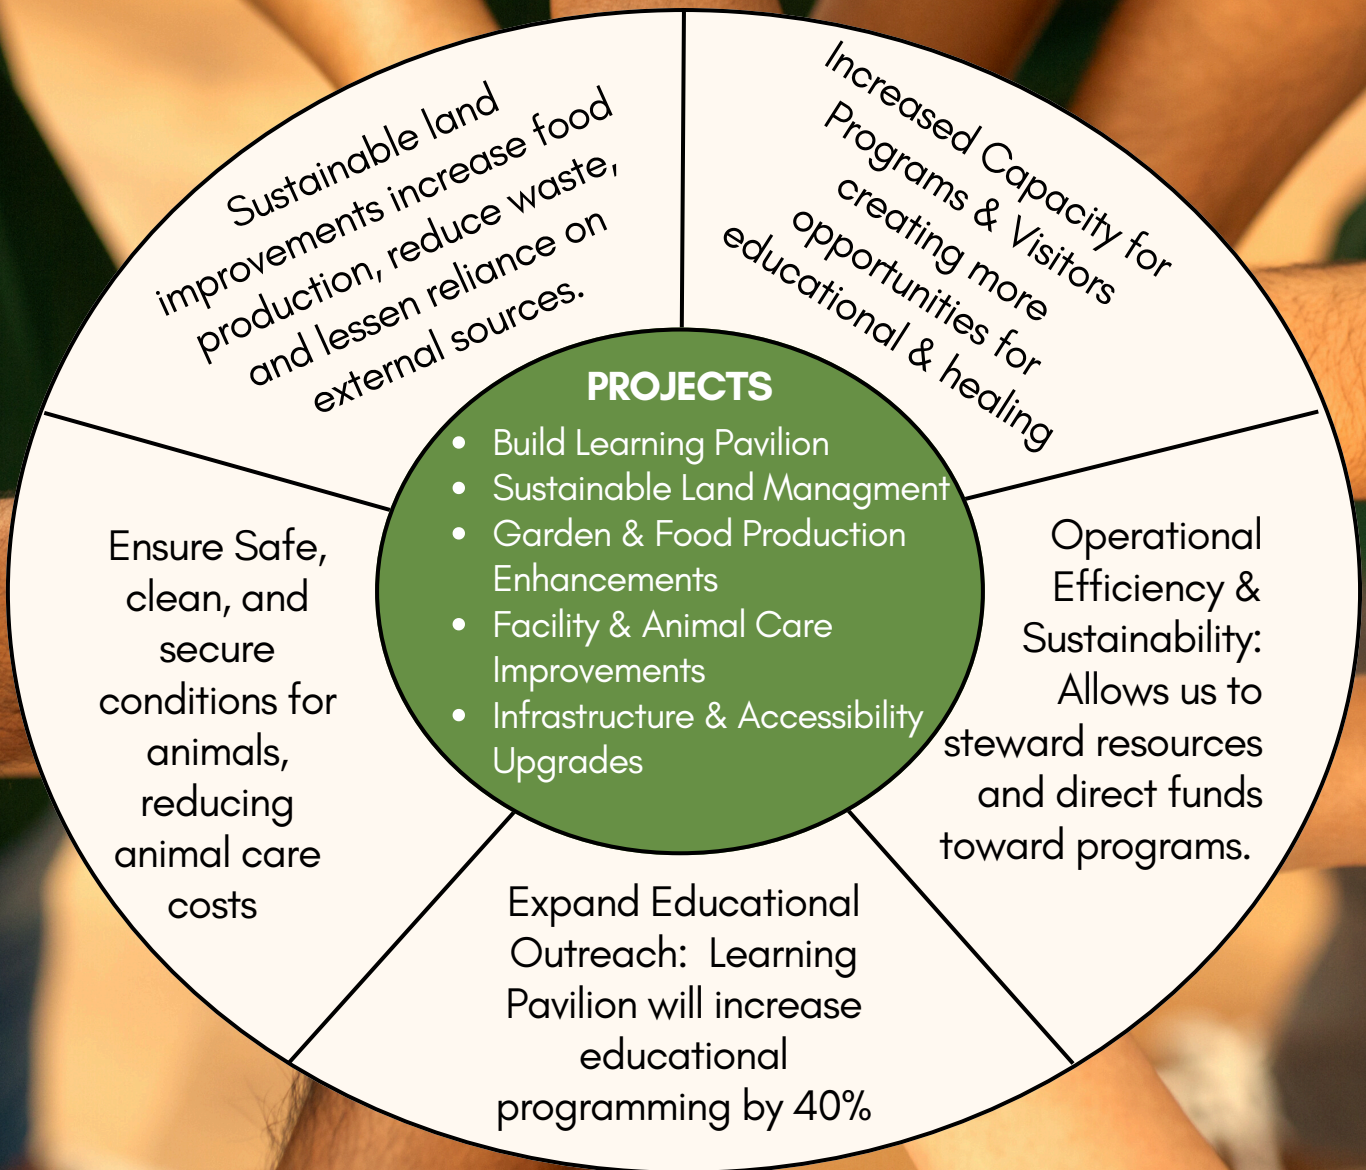

By becoming a sponsor, you're helping **fund crucial projects that sustain Sanctuary One**, while demonstrating your commitment to community engagement, and holistic wellness. Your brand will be recognized as a champion of innovation, supporting an organization that brings tangible benefits to both people and the planet.

Whether you're sending a volunteer team, supporting a key initiative, or making a transformational investment, your partnership ensures that **Sanctuary One remains a place of healing, education, and connection for years to come**.

Let's build something extraordinary—together!

IMPACT

Volunteer Week allows us to compress months of essential maintenance, expansion, and improvement work into just one week, setting us up for success for the rest of the year. Without it, these critical projects would take significantly longer and cost thousands more in staff time and contracted labor. By supporting Volunteer Week, you're not just funding a single event—you're investing in the year-round success of Sanctuary One's mission.

Volunteer Week Sponsorship Levels

Volunteer Champion

For organizations sending a team of volunteers to directly support Sanctuary One's mission during Volunteer Week.

- Recognition on Sanctuary One's website as a **Volunteer Champion**
