People, Animals & the Earth: Better Together

Sanctuary One is a nonprofit care farm dedicated to rescuing domestic and farm animals, facilitating health and wellness for people, all while promoting environmental stewardship. We believe that a farm can do more than just grow food for people's bellies. When we work together with animals and the earth for mutual healing, it can heal our bodies and lift our spirits.

At Sanctuary One, people of all ages have the opportunity to volunteer on a real working farm and experience nature's healing power firsthand. In addition to rescuing animals in need, we offer educational tours that open people's hearts and minds. We invite groups from schools and youth-serving nonprofit organizations to visit the farm for outdoor exercise and hands-on service-learning. We mentor interns who dream of becoming the next generation of care farmers. We promote the ethics of mindful, sustainable living. All while we provide a safe, loving home to rescued farm animals and pets.

When you give to Sanctuary One, you support more than just the care farm...

You support an **ENTIRE community**

Sanctuary One works with local animal shelters and rescues to help animals in need. The care farm hosts field trips & service-learning partners for people to visit for healing time with animals and gardens that grow organic produce for ACCESS food bank. With your investment of time or sponsorship YOU become a part of these reciprocal healing relationships.
